President McKinley Is Spending the Day in New Orleans.

A BIG PANIC PREDICTED

A Big Strike Is Threatened in Louisville Tomorrow—Will Paralyze Building Interests.

HEAVY DAMAGES AGAINST AN EDITOR

New Orleans, May 2.—President McKinley and party are spending the day here sight seeing. They are given an enthusiastic welcome in all parts of the city.

The presidential party traveled across the cotton belt yesterday from Memphis to the Gulf of Mexico. Down the low lying, rich Yazoo valley, fertile as that of the Nile, to Vicksburg, teeming with its memories of thirty years ago, thence to Jackson, the capital of Mississippi, and from there down into the land of the mangroves and the orange to the old romantic city at the mouth of the Mississippi delta, with its traditions of the French and Spanish rule. The cottonpicking of the people in the cotton fields, if anything, than on the previous day, and the demonstrations at Vicksburg and Jackson, the two principal stops, were very striking. The visit to Vicksburg was in some respects the most interesting yet made. Here a triumphal arch of cotton bales with the name "Expansion" inscribed on it, the president as he passed under it the path of the new south. Although it had not been intended to make any stops after leaving Jackson, the train was halted at several of the smaller towns where cotton mills are located to permit the president to see and speak to the operatives. At some of the stations the crowds actually impeded the progress of the train, and the engineer was obliged to slow down to avoid running over enthusiastic people. As the sun was lowering the train crossed the bayous with their tangles of moss-covered cypress and live oak, and skirting Lake Pontchartrain steamed into New Orleans.

This is the first time New Orleans has ever had a visit from the chief magistrate of the nation, and it was a royal reception which the old city extended to the president.

HEAVY DAMAGES AWARDED.

Nashville, May 2.—(Gen John C. Underwood, of Covington, Ky., was today given a verdict for \$10,000 damages against Editor S. A. Cunningham, of the Confederate Veteran, and \$15,000 against Editor Cunningham and the Southern Methodist Publishing house jointly, for libel.

The charge of Judge Evans was practically a direct instruction to the jury to return a verdict in favor of the plaintiff. He pointed out sections in Mr. Cunningham's article which he declared were libels against Gen. Underwood on their face.

RUSSELL SAGE'S PREDICTION.

New York, May 2.—Russell Sage predicts that the worst panic ever known will soon involve the financial world.

HIG STRIKE THREATENED.

Louisville, May 2.—Three thousand members of the Allied Building Trades council threaten to strike tomorrow. If they do it will completely paralyze building interests.

HE IS ANGRY

Dr. McCormick's Friends Wanted an Indignation Meeting at Hopkinsville Tonight.

HE ADVISES AGAINST IT

Will Sue the Alleged Conspirators for \$20,000 Damages at Once, He Stoutly Declares.

SAYS COURTS WILL VINDICATE HIM

Hopkinsville, May 2.—Dr. E. B. McCormick's friends here were arranging for an indignation meeting tonight, over his removal. He advised against it, saying that the courts will vindicate him at the proper time.

He declares he will at once file suit for \$20,000 damages against the men whom he charges with conspiracy to have him removed.

Gov. Beckham, in commenting on the removal of Supt. McCormick, says: "No one regrets more than I do the necessity of this action; but I believe that the interests of the institution demand a change in its management, and no personal feelings or political considerations whatever should deter me from doing what I conscientiously believe to be my duty in the matter."

PASSED UNNOTICED.

NO ONE SEEMED TO REMEMBER THE ANNIVERSARY OF MANILA BAY.

Washington, May 2.—Though yesterday was Dewey Day, the anniversary of the battle of Manila Bay, no one seemed to know save the admiral himself, and his Chinese servant, who thoughtfully hoisted a flag for the family residence. Even among the officials at the war department, there was no comment about the fact and there was no display of flags or any indication of national recognition of the destruction of the Spanish fleet. The dinner last night for officials that participated in the battle was the only celebration.

RAILROADED TO PRISON

TRAIN ROBBERS GO THROUGH TWO COURTS IN A DAY.

Macon, Ga., May 2.—O. W. Chestnut, of Jacksonville, and Cliff Jordan, of Macon, charged with robbing a Southern Express car on the Central of Georgia railroad, pleaded guilty before the police recorder and were bound over to the grand jury in the sum of \$1,000.

The robbers were indicted by the grand jury, and at a special session of the superior court were sentenced to seven years in the penitentiary. The robbery occurred last Thursday night.

London, May 2.—At a meeting of the British Empire league it was disclosed that the colonial office has been in correspondence with the government of Canada with regard to including Canada in the title of King Edward. The result of the negotiations will not be made known until the correspondence is published.

PEACE ON THE ISLE OF PANAY

Washington, May 2.—The war department has received the following cablegram from Gen. MacArthur at Manila:

"Quentin Sales surrendered Holo, April 21. All organized opposition in that island ended."

CHESS CHAMPIONSHIP.

INTERESTING CONTESTS ARE ON AMONG MEMBERS OF THE NEW CLUB.

The contest for the chess championship of the Chess, Checker and Whist club is becoming very hot. Seven games have been played so far. Mr. Dennis Mootoot has won two games, one from Mr. E. W. Whitmore and one from Mr. Parker Chastain. Mr. Ohas. Thompson has come out the victor in two games also, one from Mr. Fred Nagel and one from Mr. R. W. Whitmore. Mr. W. O. Seofield lost one game to Mr. Larrie Gant and Mr. Gant in turn lost one to Mr. "Buck" Van Cullin. It will take 66 games to decide the championship and no definite results can be gotten before the expiration of at least ten days, the time it will take to finish the contests. After the chess championship has been decided whist will next be taken up and then check, billiards and pool.

They left at 11:20 on a special train for Memphis. In the party were: H. D. Smith, General Traffic Manager; G. R. Knox, General Freight Agent; Chas. Barham, Assistant General Traffic Manager; W. L. Danley, General Passenger Agent; and E. T. Teachout, Traveling Freight Agent. They were accompanied by Supt. Hills.

PRIVATE CAR CRUSHED

WHITELAW REID RECEIVED A UGLY CUT AND A FIREMAN WAS KILLED.

Emigrant Gap, Cal., May 2.—In the darkness of the smoke sheds a laymond excursion train ran into the rear end of the limited train, No. 2, at Yonka Pass, four miles east of here. The private car of D. O. Mills was on the rear of the limited and was badly damaged. Fireman James Sammlers, of the Dallas, Ore., was instantly killed, and many passengers and many of the train crews were badly injured. D. O. Mills and his grand-daughter and Whitelaw Reid and wife had just seated themselves at the dining table in the rear of their car when the crash came. All were more or less bruised and scratched, but none was seriously injured. Whitelaw Reid received an ugly cut in the face.

CONFEDERATE DEAD.

SECRETARY ROOT GIVES ORDER FOR REBURIAL IN ARLINGTON CEMETERY.

Washington, May 2.—Secretary Root has given orders to the quartermaster general's department for the execution of the act of congress requiring the reburial in Arlington National cemetery of the Confederate dead there now numbering 126, and with them the remains of 138 Confederates buried at the National Soldiers Home here. Protests have been received by the secretary from the women of Virginia, who wish the remains taken south, but the orders remain unchanged.

F. W. Nonnmann, the cabinet maker of 108 Broadway, has removed to 923 South Fourth street.

TEACHERS VICTORIOUS.

THEY WIN IN THEIR FIGHT AGAINST THE ILLINOIS BOARD OF EQUALIZATION.

Springfield, Ill., May 2.—The Chicago school teachers have won their fight against the state board of equalization and the twenty-three great franchise corporations of Chicago. Judge Thompson, in the circuit handed down a decision of 20,000 words, in which he grants the writ asked for by the teachers to compel the board of equalization to list for taxation the franchisees of those companies. The decision is clear cut and signals out the great principles at stake, and finds explicitly that the law demands the board to do just what the teachers have contended it should do. This is a victory for teachers throughout the state.

MAYFIELD MARRIAGE.

PROMINENT YOUNG PEOPLE HAD A SURPRISE WEDDING LAST NIGHT.

Mr. A. B. Cameron, a prominent dry goods merchant of Mayfield, and Miss Lena Vinco, one of Mayfield's most attractive young ladies, were married in that city last night. The wedding was of a quiet nature and only a few of their friends were present. Both are well known and stand high in social circles. The marriage had been rumored for several days, and created quite a surprise.

TROUBLE OVER

The Illinois Central Machinists' Demands Were Acceded To.

THERE WILL BE NO STRIKE

The Matter Quickly and Quietly Adjusted Without Any Ill Feeling Between Either.

LATE NEWS OF THE RAILROAD

The threatened trouble between the Illinois Central railroad and the machinists has been quietly and agreeably settled. The terms made were as follows: The rate of pay for all machinists, blacksmiths and boiler-makers who are not receiving 30 cents per hour will be increased five percent on the dollar and an increase of two and one-half per cent made to all helpers of the machinists, blacksmiths and boiler-makers. This rate was accepted the 30th by the committee and it is effective May 1st and after. The bulletin announcing the increase was posted in the shop yards this morning at 5 o'clock and everybody seemed satisfied. The local employees have never appeared dissatisfied with the former rate of pay and when informed of the increase seemed to look upon it as an uncollected rate.

The Illinois Central has always done the right thing by its employees and has always been more than willing to settle all grievances quietly, and this late settlement bespeaks much for the skillful management of the affair and the company's willingness to do the right thing.

Superintendent H. U. Wallace arrived in the city last night.

Train No. 101, the fast east bound passenger from Memphis, was delayed three hours and 40 minutes by some little trouble on the road last night. The trouble was not of a serious nature.

A list of rules and regulations of the railroad employees was posted about the shops this morning. There are about 15 clauses in the bulletin, all relating to the hours of labor and the regulations relating to leave of absence, etc. All are effective on and after May 1, 1901.

The new law requiring railroads to report all accidents to the Interstate Commerce commission at Washington is now in effect. The law requires every accident to be reported. The commission is now receiving suggestions from railroad managers as to the form of reports. It has been suggested that no accident be reported where the loss does not exceed \$100, and where the employee in case of accident is not detained from work more than five days. The railway unions believe the new law will have a good effect in making employees more careful and railroads more solicitous about equipment.

Superintendent H. U. Wallace, of the Louisville division, will move his family from Chicago to Louisville the latter part of next week.

Conductor Felix Wright, of Fulton, was called to Memphis to take charge of the run on the fast train from Memphis to Cairo, succeeding John Harry. He will take Mr. Wright's run from Cairo to Fulton, and Ah Tier is put on a through passenger run from Jackson to Cairo.

Conductor John Alexander, the well known freight conductor of the Illinois Central, who is in business at Bradford, Tenn., while off duty on an eighteen month's leave of absence, shot and killed a negro in self defense night before last, says the Fulton Leader. The negro came into Alexander's store drunk and while negotiating for some article began a dispute with the clerk who was waiting on him. In the fight which ensued the negro knocked the clerk senseless with a hoe handle which he seized. Alexander rushed to the aid of the clerk, when the negro drew a pistol and shot Alexander through the hand. Alexander pulled his gun and shot the negro dead. A coroner's jury exonerated Alexander.

Roadmaster L. A. Downs, of the Louisville division of the Illinois Central railroad, is in the city.

The Steamer Was on Her Way Down From Cincinnati to New Orleans When She Struck.

LOSS WILL REACH SEVERAL THOUSAND

Henderson, May 2.—Eleven barges of the fleet being towed by the Raymond Horner struck a bridge pier this morning, and were so badly damaged that they sank. The big boat had thirty coal boats in tow, and was on her way from Pittsburgh to New Orleans.

The loss will amount to several thousand dollars. It is believed that two lives were lost. It is the second accident to happen to towboats near Henderson within the past two weeks, the Coal City recently striking a pier, losing several barges.

ONE OF PRIVATE ALLEN'S FUNNY STORIES.

The retirement from the house of representatives at the close of the present congress of John M. Allen, of Mississippi, will terminate all hope of Washingtonians to hear fall from his lips more of those humorous phrases of this wag's invention which, like the sallies of poor Yorick, were wont to set the table on a roar, relates the New York Press. One of his good stories is this:

"Before my election I came home one night and found that while I had been off on my campaign the leaders of our party had organized a Cleveland, Hendricks and Allen club, and they were to have a meeting that night. I went and when they got through speaking they called on me. I expressed my convictions, and said what I wanted them to do for me when the election took place, in about two weeks. There were a good many colored voters present, and I wanted to get them interested; so I got the boys to call on Jim Cummings, an old, slim colored man. Old Jim got up and said:

"Well, gentlemen, yonse heard Mr. Taylor and Mr. Anderson on the politics of the day. They's told you what sort of a man Blaine is, and it don't look to me like no honest man ought to have any trouble in picking out between them two. You have also heard Mr. Allen orate about himself; and he has recommended himself as much higher than the balance of us can recommend him that it sint with while fer me to say anything much about him."

THE RIVER NEWS.

The Avalon leaves for Chattanooga at 4 o'clock this afternoon. She will leave here loaded flat.

The City of Clifton from St. Louis is due early tomorrow morning for Tennessee. Popular Captain Bob McCoy is in command.

The excursion season in the St. Louis and Tennessee river trade will be full ripe and ready to "pull off" by the 30th of this month.

The Tennessee is due this evening from Tennessee river and leaves on return trip next Saturday at 5 p. m.

The R. A. Speed came out of Tennessee river yesterday with a tow of tugs.

The J. H. Finley breaks the record for the largest tow that ever was handled by a single towboat. There were fifty pieces loaded with coal and six fuel barges. The Finley is going for New Orleans, where the bulk of her immense tow will be delivered. Some of it will be dropped at several distributing points. She passed down yesterday and attracted great attention as the immense acreage of coal slowly floated past the city.

The John R. Hopkins arrived from Evansville on good time this morning and departed on return trip at 10 a. m. She had good trips in and out especially in passengers.

A Wheeling special to the Cincinnati Enquirer says: "Congress will be asked that a law be enacted to compel the secretary of war to formulate regulations which shall prohibit the operation of steamboats when the rivers are above the danger line. It is suggested that the engineers of the war department establish the limit above which river traffic shall be suspended, that notices be placed at wharfs during times of flood, warning steamboat masters of the stage of the river above and below, and the probable time at which the danger line will be passed at various points. The question of stopping steamboat traffic during floods has been discussed for years, and it is estimated that greater damage results from passing of half a dozen steamboats than from all other causes combined. One boat knocked over four houses on Wheeling Island with her waves on one passing, and similar cases are cited.

The river commenced falling here yesterday to the great relief of not only people of this city but all along the banks of the Ohio in the lowlands between here and Cairo. The farmers will be made happy, as the river will run out rapidly giving them an opportunity to put in their crops and replant again. The trouble is, the farmers in the bottom lands are always in too great a hurry to plant, as the middle of May is plenty early for bottom land planting.

The drummers are complaining greatly on account of having to go to Cairo by rail-run instead of

taking their old route on the Dick Fowler. It's a wonder that the "Kicker" of The Sunday Chat has not made a howl. But the inconvenience caused by the Dick's withdrawal was an unavoidable accident. However she will be ready for business again next Monday morning.

The City of Pittsburgh passed Louisville this morning en route for Memphis.

The City of Golconda, Captain O. Bener in command, Clarence Coker in the office departed for Golconda at noon today with a nice trip.

The Lydia left for Tennessee river today for a tow of tugs.

Mayfield, May 2.—Notice was filed before the district judge yesterday, by Webb, Johnston & Sney that they would make motion for a discharge upon insolvent debtor's oath of Frank Elliott, who is confined in the United States jail at Paducah for a fine of \$100 for violating the revenue laws.

NUOOTS OF INFORMATION.

The animal that first succumbed to extreme cold is the horse. Asbestos is being used in lining the Russian battleships now being built. Irish bred horses win three-fourths of the steeplechase races in England. The distance from the farthest point of polar discovery to the pole itself is 211 miles.

Infectious diseases are unknown in Greenland on account of the dry, cold atmosphere.

The decision is of interest all over the country. In Louisville there are about 400,000 in suits now pending in cases involving this question.

Healthy Old People

say the main thing to do is to keep the stomach, liver and bowels in order if you want to keep well and live long. Good physicians say the same thing, too. The remedy called

RIPAN'S TABULES

while not mysterious or miraculous in its curative qualities, is a simple formula prescribed by the best physicians for disorders of the digestive organs. Just little Tabules, easy to take, easy to buy and quick to act. If your trouble is Dyspepsia, Bloating, Headache, Dizziness, Constipation, Heartburn, and the like, no need of calling a physician. Ripan's Tabules contain exactly what he would tell you to take. Permanent cure follows a fair trial. No uncertainty about it.

ONE GIVES RELIEF.

Mayor Lang is to deliver an address of welcome on the opening day of Elks carnival, and turn over to representatives of the Elks the keys to the city. The Elks are to have complete charge of everything for the entire week. They will regulate all licenses and such things, and will see that everything is well treated.
Detectives will be here from St. Louis, Memphis, Louisville and Nashville, and all suspicious characters will be arrested or made to leave town. No crooks will be allowed.
Today the executive committee closed in contract with the street sprinkler owners for a continuous sprinkling of the exhibit streets from today until after the carnival. The exhibitors will have every convenience. Several will begin work on their booths at once. Mr. Joe Blinn will return from out of the road today or in the morning, and then assign all booths to exhibitors.
Manager J. J. Conley will return from Birmingham, Ala. Tuesday, and again locating the shows and other attractions for the midway. The shows will arrive next week.
The carnival tickets, 200,000 in number, arrived today, and were turned over to Treasurer Dick Hilly. They are in six colors, of continuous numbers, such are used at all carnivals.
All Elks are requested to attend the meeting of the lodge tonight, as the executive committee of the carnival will make a complete report. It will prove of great interest to everybody.
Secretary A. C. Atkins is better today and will be able to get out. His many friends will be glad of his improvement.
The Elks committee has received papers from Birmingham, Ala., containing accounts of the opening of the Elks carnival Monday. The ceremonies were very impressive. After the formal opening of the gates, the mayor made an address of welcome, and delivered the keys of the city to the Elks. The city was turned over to them, and they now have full charge. The decorations are in purple and white, the Elks official colors. The people of Birmingham are having a great time.
The merchants will all lay in a big supply of hot bands, ties, and Elks pins for carnival week. Everybody will have to wear Elks colors of some description, and many of the novelties will become very popular.
The lights for the big carnival arch are all in, and all that remains to be done to complete it is the painting.
The Tinsmiths, Ala., lodge of Elks has broken the record by initiating 51 members at one meeting. They were busy from 4 p. m. until 10 p. m., and were in good condition to enjoy the banquet that followed.

CIRCUIT COURT

DAMAGE SUIT AGAINST STREET RAILWAY COMPANY ON TRIAL.

Judgment Rendered Yesterday Afternoon Against the City and Sewer Contractors for \$500.

The damage suit of Ira Wills, administrator, against the Paducah railway and light company for \$20,000 for the death of the plaintiff's son, who was killed several months ago on South Third street by a car, is now on trial in circuit court.
In the case of Ramsey against Elks sewer contractors, and the city of Paducah, a suit for \$2,500 damages, a verdict of \$500 was rendered in favor of the plaintiff late yesterday afternoon.
Ramsey stumbled over a pile of dirt, left by the sewer contractors where an excavation had been made on Broadway near Ninth and claimed he sustained permanent injuries through negligence. The verdict is against both the city and the contractors.
In the case of J. F. threeknridge against Bookskin Bill Wild West Co., Sid, John, and Fletcher Terrell, being stockholders in the show, were ordered to pay into court \$102.20, the amount of the judgment and also \$16 for the cost of the proceedings of the court.
The Meyer Bros. Drug Co., of St. Louis, filed a suit against John Van Gulin, formerly of this city, but now of St. Louis, for an account of \$35.35.
Deputy Sheriff John Ogilvie and an unusual experience yesterday. He went out to set a traction engine used to a three-horse, in pursuance of a judgment for \$270.75 in circuit court in the case of the Russell Wind-Stacker Co. against W. L. Beck. The engine was across the county line, and the deputy could not sell it, but upon explaining his mission Mr. Beck readily moved it into the officer's jurisdiction and the sale proceeded.
